St Francois de Sales School, Lubumbashi, DRC

1964-1971: Secondary School,  
St Francois de Sales School, Lubumbashi, DRC

1972-1979: Medical Studies,  
Faculty of Medicine, University of Padua, Italy

1979-1985: Postgraduate Training  
- General Surgery - Prof. A. Bremer  
(01/10/79 - 30/09/80)  
Free University of Brussels, Belgium

Neurology - Prof. G. Franck  
(01/10/80 - 30/09/81)  
University of Liege, Liege, Belgium

Neurosurgery - Prof. J. Bonnal  
(01/10/91 - 30/09/85)  
University of Liege, Liege, Belgium

## 3. ACADEMIC DEGREES

1979: M.D. (Dottore in Medicina e Chirurgia)

University of Padua, Padua, Italy

1985: Specialist in Neurological Surgery  
University of Liege, Liege, Belgium

#### **4. ACADEMIC POSITIONS HELD**

- Resident (Registrar) in General Surgery  
Department of General Surgery (PROF. A. BREMER)  
Free University of Brussels, Brussels, Belgium  
From 01/10/79 until 30/09/80
- Resident (Registrar) in Neurology  
Department of Neurology (PROF. G. FRANCK)  
University of Liege, Liege, Belgium  
From 01/10/80 until 30/09/81
- Resident (Registrar) in Neurosurgery  
Department of Neurosurgery (PROF. J. BONNAL)  
University of Liege, Liege, Belgium  
From 01/10/81 until 30/09/83
- Senior Resident (Senior Registrar) in Neurosurgery  
Department of Neurosurgery (PROF. J. BONNAL)  
University of Liege, Liege, Belgium  
From 01/10/83 until 30/09/85
- Voluntary Lecturer in Neurosurgery  
Department of Neurosurgery (PROF. A. STEVENAERT)  
University of Liege, Liege, Belgium  
From 01/10/85 until 30/01/87
- Honorary Lecturer in Neurosurgery  
Department of Surgery (PROF. L. F. LEVY)  
University of Zimbabwe, Harare, Zimbabwe  
From 01/02/88 until 01/09/92
- Senior Lecturer in Neurosurgery  
Department of Surgery  
University of Zimbabwe, Harare, Zimbabwe  
From 01/09/88 to 31/12/96
- Associate Professor and Head of the Department  
From 01/01/97
- Professor and faculty member of the World Federation of Neurosurgical Societies  
From 2000.

#### **4. EXPERIENCE IN OTHER COUNTRIES**

- July 1983: Microsurgery  
Department of Neurosurgery (Prof. Stowsand) Bremer Haven,  
Germany.
- July 1984: Professional Training and exchange program  
Department of Neurosurgery (Prof. El Ouarzazi and Prof. El  
Khamlichi) University of Rabat, Morocco.
- May 1996: Professional Training (Spinal Surgery)  
University of Marseille (France) - Prof. R. Louis
- July and August 2000:  
Professional Training (Endoscopic Surgery)  
Department of Neurosurgery (Prof. Fred Epstein, Dr R. Abbott)  
University of New-York (Mount Sinal Hospital)
- February 2002  
  
Professional Training (Epilepsy surgery and Pediatric neurosurgery)  
Department of Neurosurgery (Prof. Rutka)  
University of Toronto  
Hospital for Sick Children (Toronto – Canada)

## **5. TEACHING AND RESEARCH EXPERIENCE**

### Teaching:

- 1979-1980: Clinical demonstrations in General Surgery for Medical Students.
- 1980-1981: Clinical demonstrations in Neurology for Medical Students.
- 1981-1984: Clinical demonstrations in Neurosurgery for Medical Students.  
Teaching of Neurosurgery to Nurses and Physiotherapists.
- 1984-1987: Teaching of Neurosurgery to Medical Students  
Subjects:  
Physiopathology of raised intracranial pressure  
Cerebello-pontine angle lesions  
Lumbar disc prolapse  
Head injury  
The “Neurosurgical Headache”  
Spinal cord compression  
Hydrocephalus  
Sub-Arachnoid Haemorrhage  
Cerebro Spinal Fluid examination  
Cerebral Abscess  
- Refresher courses and clinical demonstrations for General Practitioners  
- Teaching of Microsurgery to postgraduates
- 1987-1988: Tutorials to Medical Students (University of Zimbabwe)

- Teaching of Neurosurgical techniques in Neurotraumatology to candidates for the Masters Degree in General Surgery (University of Zimbabwe)

1988-1992: Honorary Lecturer (University of Zimbabwe)

- Teaching of Neurotraumatology to candidates for the Masters Degree in General Surgery
- Teaching of Neurosurgery to Student Nurses
- Teaching of Neurosurgery to Medical Students
- Teaching of Neuroanatomy and Neurophysiology to EEG Technicians
- Refresher courses to General Practitioners

1992-1996: Senior Lecturer (University of Zimbabwe)

1997 : Associate Professor (University of Zimbabwe)

2000: Professor and faculty member of the World Federation of Neurosurgical societies.

### Research

- Porto-caval encephalopathy. Histological findings in the brain. Experimental study in rats.
- Analysis of failure in lumbar disc surgery.
- Intracranial pressure measurements in patients with severe head injury. Correlation with the prognosis.
- Practical assessment of brain dysfunction in severe head injury. Glasgow-Liege coma scale.
- Anterior encephalocele. The Zimbabwe experience.
- Incidence of pituitary tumors in 100 consecutive autopsies in Harare - Zimbabwe.
- Reliability of stereotactic brain biopsies.
- Complications and causes of depressed skull fractures in Bulawayo.
- Causes, management and results of non-traumatic spinal cord compression.
- Management and results of intramedullary tumors removed by the "two stage" technique. Simple method for Neurosurgeons with minimal resources.
- Causes of exophthalmos in Bulawayo.
- Subdural empyema. Some particular aspects in Bulawayo.
- Management and results of spinal cord epidural abscess.

- Hair zinc concentration in mothers of newborn infants with Neural Tube Defects.
- The incidence of congenital malformations of the central nervous system at Mpilo Central Hospita. A 16-month study.
- 
- Influence of traditional medicine in neurosurgery.

#### Supervision of Dissertations and PhD Thesis:

1. Prediction of the outcome in lumbar disc surgery by F. Wislez-Mouton. Graduate in Physiotherapy 1984. University of Liege, Liege, Belgium.
2. Long term outcome after lumbar disc surgery by Ch. Masson. Graduate in Physiotherapy 1985. University of Liege, Liege, Belgium.
3. Impact of the newly acquired CT Scan on the management of head injured patients at Harare Central Hospital. By Dr E.G. Muguti (M. Med. Dissertation 1999).
4. The modified sensate deep inferior epigastric musculocutaneous flap and the subcostal nerve: a functional anatomical study. By Dr G. Mawera (PhD Thesis 2003).
5. Characterization of a novel cation channel in cardiac ventricular myocytes and Investigation of its role in electrical activity. By Dr Asfree Gwanyanya (PhD Thesis 2008)
6. Causes of non traumatic paraplegia. By Dr A. Musara (M.Med. Dissertation 2009)

#### **6. MEMBERSHIP OF SCIENTIFIC SOCIETIES AND ASSOCIATIONS**

1985 to date: Fellow of the Society of French Speaking Neurological Surgeons.

1986 to date: Fellow of the Belgian Society of Neurological Surgeons.

1986 to date: Member of the Pan African Society of Neurological Sciences. ( Was **General Secretary from 2004 until 2008** )

1986 to date: Member of the Belgian Society of Electroencephalography and Clinical Neurophysiology

1988 to date: Fellow of the Association of Surgeons of East Africa

1990 to date: Fellow of the International Headache Society

1997 to date: Member of the Neurorehabilitation Committee of the World Federation of Neurosurgical Societies (WFNS)

1997 to date: Member of the Neurotrauma Committee of the WFNS.

2001 to date: International Member of Congress of Neurological Surgeons (USA)

2002 to date: Member of the neuro-oncology committee of the WFNS.

2003 to date: African representative in the committee of the Association of French Speaking Neurosurgeons.

2007 : President of the Association of Neurosurgical Societies of Africa (ANSA)

2009 : Second Vice President of the World Federation of Neurosurgical Societies.

## **7. ATTENDANCE TO REFRESHER COURSES**

- Review course in Surgery  
105 credit hours in category 1 of the Physician's Recognition Award of the American Medical Association  
01/02/91 till 10/02/91  
The Cook County Graduate School of Medicine, Chicago, Illinois, U.S.A.
- Congress of the Society of Neurosurgeons of South Africa held in Pretoria.  
Course: Vascular Surgery - Surgery of Skull Base  
08/10/92 till 10/10/92
- Congress of the Society of Neurosurgeons of South Africa held in Cape Town.  
05/09/94 till 10/09/94  
Course: Skull Base Surgery

## **8. ATTENDANCE TO CONGRESSES AND SCIENTIFIC MEETINGS**

March 1982: Annual Congress of the Belgian Society of Neurological Surgeons

(LOUVAIN LA NEUVE - BELGIUM)

Subject Presented: Intracerebellar Haematoma

- January 1984: Scientific Meeting  
(SART-TILMAN, LIEGE, BELGIUM)  
Subject: Disc Prolapse
- June 1984: Annual Congress of the Society of French Speaking  
Neurological Surgeons  
(GRENOBLE - FRANCE)  
Subject: - Giant Aneurysm  
- Failures in Disc Surgery
- March 1985: Annual Congress of the Belgian Society of Neurological  
Surgeons  
(LOUVAIN LA NEUVE - BELGIUM)  
Subject: Choroid Plexus Papilloma of the Ivth  
Ventricle
- April 1985: Scientific Meeting  
(LES MURLAIS HOSPITAL - LIEGE, BELGIUM)  
Subject: How to avoid failures in disc surgery
- May 1985: Scientific Meeting  
(LES MURLAIS HOSPITAL - LIEGE, BELGIUM)  
Subject: Narrowed Cervical Spinal Canal. Diagnosis  
and Treatment
- June 1985: Annual Meeting of the Society of French Speaking  
Neurological Surgeons  
(GENEVA - SWITZERLAND)
- October 1985: Scientific Meeting in Honour of the Retirement of Professor  
Bonnal  
(CHATEAU de COLONSTER - LIEGE, BELGIUM)
- December 1985: Meeting of the Society of French Speaking Neurosurgeons  
(PARIS)
- April 1986: 7th Congress of Pan African Association of Neurological  
Sciences  
(ABIDJAN - IVORY COAST)  
Subject: Glasgow-Liege Coma Scale
- December 1986: Meeting of the Society of the French Speaking Neurosurgeons  
(PARIS)
- December 1988: Meeting of the Society of the French Speaking Neurosurgeons  
Subject: Pituitary Tumours
- May 1990: Congress of the Pan African Association of Neurological  
Sciences

(HARARE - ZIMBABWE)

September 1990: Congress of the International Society for Paediatric Neurosurgery

Subject: Anterior Encephalocoele

October 1992: Congress of the South African Association of Neurological Surgeons

(PRETORIA - REPUBLIC OF SOUTH AFRICA)

Subject: Outcome of Acute Subdural Haematoma

June 1993: Congress of the Society of French Speaking Neurosurgeons (BRUSSELS - BELGIUM)

Subject Presented: Surgical versus Medical Treatment in Pott's Disease

May 1994: Congress of the Pan African Association of Neurological Sciences

(ADDIS ABABA - ETHIOPIA)

Subject: Pott's Disease

August 1994: Zimbabwe Anaesthetic Association Fifth Annual Refresher Course (29-31)

(HARARE - ZIMBABWE)

Subject: Neurosurgical Management of Pain

September 1994: 13th Biannual Neurological Congress of South African Association of Neurological Surgeons

(CAPE TOWN - SOUTH AFRICA)

November 1994: 1st Maghrebian Congress of Neurosurgery (RABAT - MOROCCO)

Subject: Surgery of Intramedullary Tumours

May 1997: 47th Congress of the Society of French Speaking Neurosurgeons

(MARRAKECH - MOROCCO)

Subject: Spinal Cord Schistosomiasis (Bilharzia)

May 1998: 13th Congress of the Pan African Association of Neurological Sciences

(DAKAR - SENEGAL)

Subjects: - Tuberculosis of the spine: neuroradiological pitfalls  
- Prognosis factors after insertion of VP-shunt in children with hydrocephalus

May 2000: 14th Congress of the Pan African Association of Neurological Sciences

(BLANTYRE - MALAWI)

Subjects: - Tuberculosis of the spine  
- Intracranial sepsis

December 2000: 50th Congress of the Association of French Speaking Neurosurgeons (PARIS)

March 2001: Paediatric neurology and neurosurgery symposium (MOSHI - TANZANIA)  
Subject: Encephalocele

September 2001: World Congress of Neurological Surgeons (Sydney – AUSTRALIA)

October 2001 : Symposium on Spina bifida and Hydrocephalus Organised by the International Association of Spina Bifida and Hydrocephalus. (Dar-Es-Salaam, TANZANIA)

March 2002: 15<sup>th</sup> Biannual Congress of Pan African Association of Neurological Sciences. (Cairo – EGYPT)  
Subject: Modern Management of Spinal TB  
AIDS and Central Nervous System  
Pituitary tumours – The Zimbabwe experience

September 2003 European Congress of Neurological Surgery (EANS)

December 2004: Winter congress of The Association of French Speaking Neurosurgeons (Paris – France)

December 2005: Winter congress of The Association of French Speaking Neurosurgeons ( Paris – France)

May 2006: Pan African Association of Neurological Sciences (PAANS) in Lagos - Nigeria

October 2006: Congress of Spanish Association of Neuropediatricians (Invited guest)

March 2007: Neurosurgical course in neurosurgery in Dakar – Senegal ( as a teacher)

October 2007: WFNS course in Yaounde – Cameroon ( as a teacher)

November 2007: Australasian and 13<sup>th</sup> interim WFNS congress in Nagoya – Japan.

March 2008 : Neurosurgical French course in Dakar – Senegal (as a Teacher)

June 2008: WFNS course in Dakar-Senegal (as a Teacher)

March 2009: Neurosurgical course in Dakar-Senegal (as a Teacher)

August 2009: WFNS course in Libreville- Gabon

## 9. INVITED GUEST LECTURER

1993 Abidjan (Ivory-Coast); Parasitosis of CNS

1994 Rabat (Morocco); Surgery of intramedullary tumors without ultrasound aspirator.

1995 Montreal (Canada); Neurosurgery in Zimbabwe

1996 Addis Ababa (Ethiopia); Tuberculosis of the spine

1999 Harare (Zimbabwe); Intracranial sepsis and Pott's disease (**WFNS course**)

2001 {March} Moshi (Tanzania); Congenital abnormalities + demonstrations in theatre (Tumaini University)

2001{August} Blantyre (Malawi); Full neurosurgical lectures for 2 weeks to medical students (University of Blantyre)

2001{September} Dar-Es-Salaam (Tanzania); Lectures in neurosurgery and demonstration of operative techniques (University of Dar-Es-Salaam)

2002 Blantyre (Malawi); Intracranial sepsis and Pott's disease (**WFNS course**).

2002 Toronto (Canada): Tropical Neurosurgery

2003 Abidjan (Ivory Coast); Congenital abnormalities, Pott's disease, Surgery of the spine ( Aborted **WFNS course** because of civil war)

2004 Paris (France): Traditional Medicine and Neurosurgery in Zimbabwe  
Botswana : Low Backache and Disc Surgery

2006 Murcia (Spain): Paediatric Neurosurgery in Zimbabwe and Africa.

2006 Dakar Senegal: Cervical and lumbar spinal Operative techniques.

2007 Yaounde (Cameroon): CNS parasitosis and Management of head injured patients (**WFNS course**)

2008 March;Dakar – Senegal: Parasagittal meningiomas, vascularisation of meningiomas

2008 June; Dakar – Senegal: WFNS Course – Parasagittal Meningioma and Challenges in neurosurgery in developing countries.

2009: August; Libreville - Gabon: Parasitic infestation of the Central Nervous System.

2010; St. Petersburg: Epidemiology and Management of head injuries in Africa.

2011: Nairobi - Kenya: Pitfalls in Lumbar disc Surgery.
